Good Morning. Hugh Smith here. I'm a longtime resident of Cleveland and have known Ronnie since 1968. He has and continues to be a force in the sport of swimming in our state. He has touched the lives of countless athletes during his career. He continues to teach swimming lessons to this day at Delta State. His easy going demeanor and natural leadership skills make him a special person. He works hard promoting Delta State University. He's a great person and I'm glad to call him my friend. Please consider him for The Mississippi Sports Hall of Fame. V/R Dr. Hugh Smith
